Dear Colleagues and Friends,

It is a great pleasure and privilege to invite you to join the 22<sup>nd</sup> Tunisian Congress of infectious diseases and the 2<sup>nd</sup> Arab Congress of Infectious Diseases and Clinical Microbiology which will be organised by the FASC MID and the Tunisian Society of Infectious Diseases. This congress will be held in Tunisia from 24 to 26 May 2012.

During the three days of work, we anticipate in having an interesting scientific program, including different themes, offering thematic sessions, conferences, lectures and symposia with the involvement of a large number of famous experts.

The programme will provide an opportunity to exchange ideas and information in the fields of clinical microbiology, antimicrobial chemotherapy, parasitology-mycology and infectious diseases. In addition, your contributions are highly welcome and will be presented in oral sessions or poster exhibitions that will undoubtedly increase the knowledge of the latest scientific developments in these fields.

We hope that you will not miss this opportunity to visit Tunisia, a country of freedom, tolerance and with rich cultural heritage and a legendary warm hospitality that will make your stay really enjoyable.

We look forward to welcoming you in Tunis.

Pr. Mohamed  
Chakroun

*FASC MID Executive  
Committee*

Pr. Badreddine  
Kilani

*President of TSID*

Pr. Adnane  
Hammami

*President of Scientific  
Committee*
